

# 7S-100 C-FLOOR<sup>®</sup> THICKENER ADDITIVE

## Rheological additive

Revision: September 2017

<b>PRODUCT DESCRIPTION</b>	C-Floor Thickener Additive is a pyrogenic silica used as rheological additive.	
<b>INTENDED USES</b>	<p>Combined with flooring paint, C-Floor Thickener Additive, is used to increase the coatings rheology and have a better sagging index.</p> <p>Thus, its use is ideal when it is necessary to paint, for example, medium rods, sloped surfaces, sealing of dry mortars and repair of joints.</p>	
<b>PROPERTIES</b>	<b>Colour</b>	White
	<b>Average diameter</b>	14 nm
<b>ADDITIONAL INFORMATION</b>	<p>Paint/Silica proportion depends on initial paint rheology and kind of product, varnish or paint.</p> <p>Consumption recommended is 0,5 – 5 %. Consult the recommended quantities on revetment technical data sheet.</p> <p>The mixing of C-Floor Thickener Additive with our C-Floor products must be carried out with suitable mechanical equipment to ensure perfect homogenization.</p> <p><b>Packaging</b> 1 kg</p> <p><b>Storage</b> 2 years when stored indoors in original containers.</p>	
<b>HEALTH, SAFETY AND THE ENVIRONMENT</b>	<p>Protect the eyes and skin from contact. Gloves, goggles and appropriate clothing should be worn. Keep out of the reach of children. Use only in well ventilated areas. Do not empty into drains. Keep the container properly sealed and stored in the correct place. Take correct measures when transporting the product so as to avoid any accidents that could rupture the can or cause damage to the packaging. Ensure that the container is correctly stacked in a safe area. Do not store or use the product in extreme temperature conditions. Always take account of the appropriate legislation relating to the environmental and Health and Safety at Work. For more information it is essential to read the label on the container and the product Material Safety Data Sheet of this product, its components and all complementary products referred on Technical Data Sheet.</p>	

We recommend that the technical data sheet is periodically checked to ensure that it is the most recent version. CIN guarantees that its products conform to the specifications as detailed in the respective technical data sheets. CIN cannot under any circumstances be held responsible for the consequences of technical information given prior to or after purchase of products. This is merely of an advisory nature, given in good faith and to the best of its knowledge, and based on current technical know-how. Claims can only be accepted for products which have manufacturing defects or which do not conform to the purchase order. CIN will, at its discretion, either replace the defective goods or reimburse the customer. CIN cannot accept responsibility for any other loss or damage. All sales are subject to our general terms and conditions of sales that we advise should be read carefully.
